

AUDIT SERVICES

We provide audit services to an extensive array of businesses covering a wide spectrum of industries and services.

Our qualified audit staffs are conscious of their duties and responsibilities and provide constructive professional advice to assist our clients in making the appropriate financial and business decisions.

As a multi-disciplinary firm with a good understanding of the local business and financial environment, we are in a position to provide the expertise to a wide range of clientele. Such expertise includes:

- Audit of financial statements and due diligence studies
- Certification of reports submitted to government authorities
- Professional advice relating to accountancy and internal control systems
- Audit services relating to public flotation exercise
- Other special audits

We service a portfolio of clientele involved in a wide spectrum of industries and services. Our clients are involved in industries comprising, among others, plantation, property development, food processing, leasing and various manufacturing activities such as electronics and precision tooling.
